## Confirmation of employment at ALTEN GmbH during V.I.E assignment

We confirm that Mr. Ivan Sicaja, born on 27.07.1997 in Tomislavgrad, Bosnia and Herzegovina, took part in the French International Internship Program (V.I.E). Mr. Sicaja fulfilled his duties at ALTEN GmbH from 01.06.2022 until 31.05.2024 as a full-time intern (40 hours/ week).

The V.I.E internship is an expert support program managed by Business France, France's agency for the international development of businesses and young professionals, offering graduates the opportunity for valuable work experience abroad in a complex technical or business environment.

Mr. Sicaja completed his V.I.E internship as Engineering Consultant working for our world-renowned customer in Stuttgart on behalf of ALTEN GmbH.

Mr. Sicaja main tasks and responsibilities consisted of:

- *Responsible for the development of a software testing database for Porsche AG, focusing on the electric Porsche car lines: Macan 2, Cayenne 4, and Boxster.*
- *Utilized simulation and real-world car road drive testing methodologies for comprehensive software testing (Tableau, Microsoft Excel, Vector CANoe, Eso trace viewer).*
- *Developed automated report generation using Python to enhance workflow efficiency.*
- *Developed a prototype for software testing automation with pattern recognition using the OpenCV Python module.*

We take advantage of this opportunity to thank Mr. Sicaja for his time at ALTEN GmbH.

Mr. Sicaja has extensive expertise and can grasp complex issues, has an eye for essentials, quickly finds correct and practical solutions and makes suitable suggestions for improvement.

Mr. Sicaja work was performed with commitment and initiative, and he always maintained control, even under difficult circumstances. Moreover, when faced with such situations, he always made responsible and appropriate decisions. Mr. Sicaja always coped well with substantial workloads.

We value Mr. Sicaja as a pleasant staff member who was always reliable and integrated well into our teams and made a valuable contribution to the general performance. The work that was given to Mr. Sicaja was always completed to our and our customers complete satisfaction. His conduct towards superiors, colleagues and customers was exemplary.

We would like to thank Mr. Sicaja for his excellent work and wish him all the best for his career and personal life.

Hamburg, den 18.06.2024

---
